- Cellular networks
- Switching and transmission systems
- Rural Telecommunications
- Microwave Systems
- Trunking systems
- Traffic applications
- VSAT
- Information Technology
- Multi-media mobile VAN
- VAS and RFID solutions
- AVL - fleet management systems
- Call centers, CRM & billing solutions
- Rescue & Emergency Solutions
- Public Security Applications

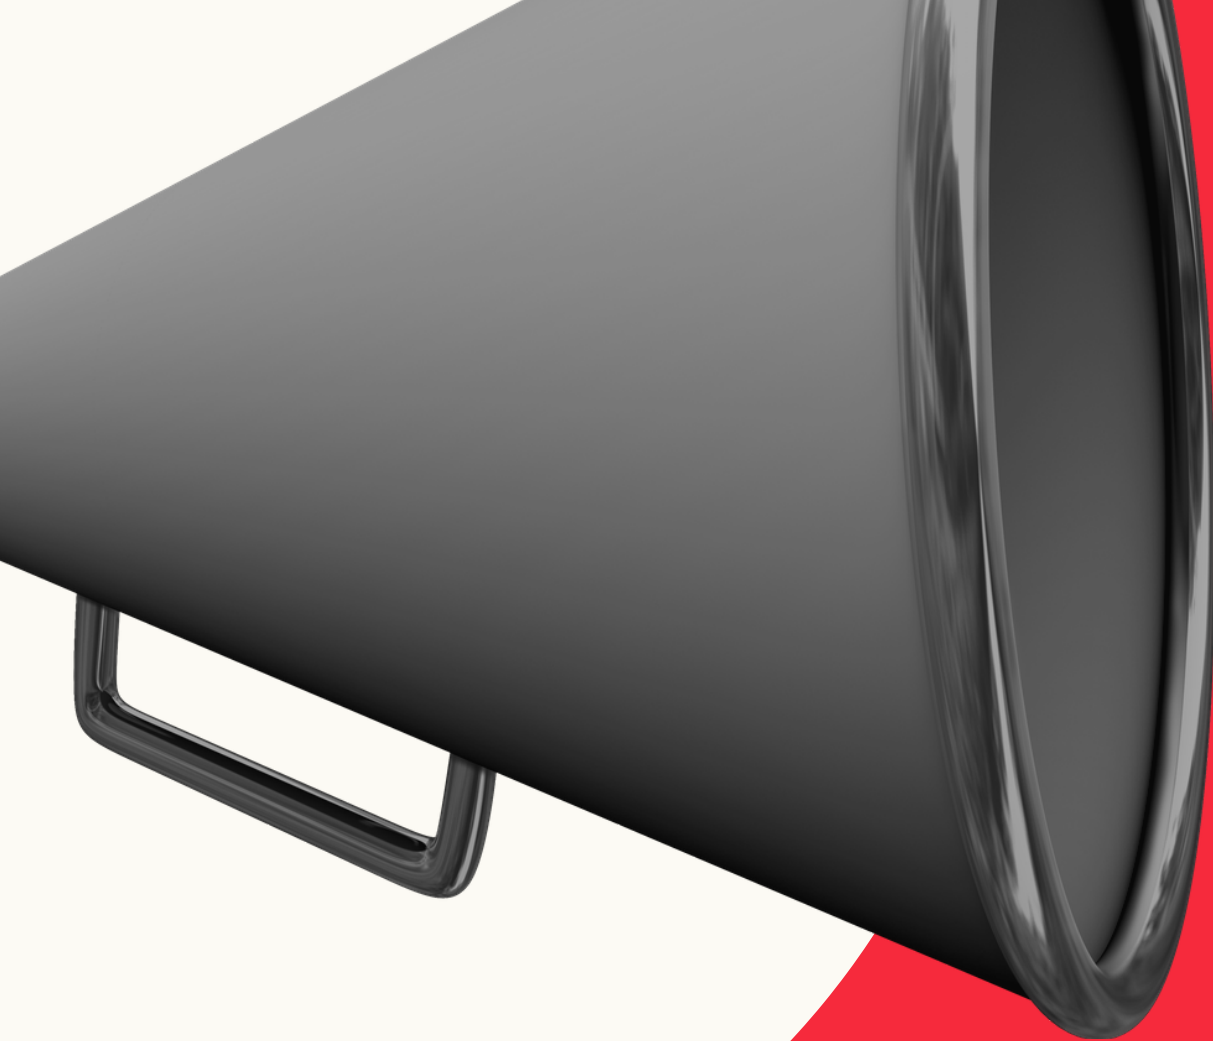

- SIGNALS CO. OFFERS MORE LAST MILE CONNECTIVITY MEDIA THAN ANY OTHER PROVIDER IN SAUDI ARABIA. WE'RE ABLE TO DO THAT THROUGH OUR LONG-STANDING BUSINESS PRINCIPLE OF LOOKING AT PEERS IN OUR INDUSTRY AS PARTNERS, NOT COMPETITORS. CUSTOMERS IMMENSELY BENEFIT FROM THIS APPROACH BECAUSE THEY'RE ABLE TO CHOOSE THE BEST MEDIA FOR EACH OF THEIR BUSINESS LOCATION BASED ON GEOGRAPHY, PERFORMANCE & PRICE RATIO. IT ALSO PROVIDES CUSTOMERS THE OPTION TO HAVE TWO TYPE OF MEDIA IN LOCATIONS WHERE THEY WANT REDUNDANT LINKS.

ORGANIZATION CHART

Our experienced engineers and support personnel are working side by side to integrate all components and services. We offer our customers highly experienced and self-motivated engineers with extensive technical knowledge, many years of national and international industry experience and project management skills unique in the telecommunications sector.
